TESTIMONY ... M NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pins Hill, Rich mond County, North Carolina.

Fins Hill, March 4, 1854.

Dear Sin: I have been a subject of Dyspepsis, in its worst form, for the last live years. Such was my condition for twelve morbis that the physicians and all who saw me said I must die. While in the condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, but was not some Chialybesis water in that place. About the last of the week I went into a drag store to get some medicine for my child and myself. There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and a fier asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of Hoodand's German Bitters, prepared by yeu, and he insisted that I would try the Bitters. He the called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, the dy draw him hearly all the Bitters I had left, which effected much good in his sac. He has often called on me tor more of the same kind of medicine, he syme he was nobre benefited by it than all the water and medicine, the dy dy on the role of him or mysel since. Will you, therefore, please ship me a dozen or more as a non as possible.

Respectfully, your.
